

EMPLOYEE DISCOUNT FOR HEALTHIER EATING

Green Bean is an online grocery service that partners with family farmers & artisans to deliver organic, all-natural, and sustainably-produced food to your home.

HOW IT WORKS:

1

Set up your account and subscription(s)

2

Modify individual orders and future scheduled deliveries

3

We deliver your food in insulated, returnable packaging.

Clean eating promise

We only sell food we'd feed our own families. That's why we ban over 100+ unnatural ingredients.

Eat your lifestyle

Keep your kitchen stocked by subscribing to essential groceries and seasonal produce picks.

No commitments

No contracts or membership fees, only a \$20 minimum order is required for delivery.

No need to be home

Every order is packed in a reusable, insulated bin so your food stays fresh until you get home!

Eat locally

A sustainable food economy means sourcing from local farmers and artisans whenever possible.

Feed the needy

We'll donate a meal's worth of fresh produce to local food banks for each order you place.

\$10 off 2 orders, plus 5% off the next 25 orders
